

# Niobrara MU1 Cable

The Niobrara MU1 Cable is an RS-232 serial data cable intended to be used to connect an AT compatible personal computer to the RS-232 port of an NR&D MUCM. One end of the cable is fitted with Phoenix Combicon® plug for connection to the MUCM; the other end terminates in a female DB9 connector for connection to a COM: (serial) port of the personal computer.

## Configuration

The pinout for the MU1 is as follows:

## Installation:

Connect the Phoenix Combicon end of the MU1 cable to the RS-232 port of the MUCM. Connect the 9-pin DB9 end of the adapter to a serial port (COM1: or COM2:) of the personal computer.
