

Niobrara MM23 Cable

The Niobrara MM23 Cable is an RS-232 serial data cable intended to be used to allow a cable once connected to a Modicon Quantum PLC to be connected to the serial port of an M580. One end of the cable is fitted with an RJ45 plug for connection to the M580; the other end terminates in a female DB9 connector for connection to the cable that was connected to the serial port of the Quantum.

Configuration
The pinout for the MM23 is as follows:

Installation:
Connect the RJ45 end of the MM23 cable to the M580 or other device. Connect the 9-pin DB9 end of the adapter to the cable that was connected to the Quantum. Refer to the instructions for the connected devices.
